## Eco Corner

On Refugee Sunday we share this graphic on how climate change is creating millions of refugees.

### Climate Change, the Great Displacer

Average number of internal climate migrants by 2050 per region (in millions)\*

Total in surveyed regions

**170.3**

(2.3% of population)

\* Modeled on pessimistic reference = High emission & unequal development scenarios concerning water availability, crop productivity and sea-level rise
