Eco Corner

The compost organisers will add our paper towels to the hot compost system when needed. Paper towels from our church bathroom would otherwise go to landfill.

The Carbon Cycle Compost Bins were installed at the Fairfield Project in September 2022 and to date the total food (and paper towel) waste collected and composted has been 1,958kg. Eight local organisations dispose of their organic waste to the compost bins. Compost workshops are also held on site, teaching the community about composting methods.

New church initiative thanks to Tim and Anna Cox. Photo of Anna putting our church bathroom paper towels into the collection bins next to the Carbon Cycle Compost Bins at The Fairfield Project.

If you have notices for our weekly Newsletter, please email the Parish Office by Wednesday morning. Thank you.
