Please participate in the Church Life Survey

Our church is part of this nationwide survey of church attenders. This is a confidential opportunity for you to have your say on the life of our church and be heard by our Parish Council. Please take 10-15 minutes to fill it out by November 5th.

It can be done using our churches link in your email or using a paper form after church or from the office. The posting box to return paper forms is available on Sundays in the Hall or during the week on the office counter.

We strongly recommend that those diagnosed with covid or have flu-like symptoms please do not enter our premises for 5 days or until the symptoms have passed. Thank you

Great fun for all the family !

Light Party 2023

Games, fun activities, free sausage sizzle, spot prizes, crafts, tasty treats & more!

Light Party
a positive alternative to halloween

FUN GAMES

After a long hiatus due to Covid we are delighted that we are again able to accept applications from persons interested in becoming a Volunteer Hospital Chaplaincy Assistant (VCA). Our Volunteers help us to deliver Chaplaincy services to the Te Whatu Ora community and are a valued part of our team.

For more information please contact the office.

Eco Corner

Why a Repair Café?

We throw away vast amounts of stuff. Even things with almost nothing wrong, and which could get a new lease on life after a simple repair. The trouble is, lots of people have forgotten that they can repair things themselves. Especially younger generations no longer know how to do that. Knowing how to make repairs is a skill quickly lost. This is a threat to a sustainable future and to the circular economy, in which raw materials can be reused again and again.

That's why there's a Repair Café! People with repair skills get the appreciation they deserve. Invaluable practical skills are passed on. Things are being used for longer and don't have to be thrown away. This reduces the volume of raw materials and energy needed to make new products. It cuts CO2 emissions, for example, because manufacturing new products and recycling old ones causes CO2 to be released.

The Repair Café teaches people to see their possessions in a new light and changes people's mindset.

This is essential to kindle people's enthusiasm for a sustainable society. Repair café is also an opportunity to engage with the local community and build links between people. So, next time something stops working or breaks, think before you throw it away. Can someone repair this for me?

If you have notices for our weekly Newsletter, please email the Parish Office by Wednesday morning. Thank you.
