**ECO CORNER**

Did you know about Refill NZ?

What do you think about the idea of Chartwell Cooperating Church being part of this?

If your church premises is able to provide access to a water tap easily, you can support Refill NZ and help people in your community know that they can refill their water bottles at your church.

Get permission from your church leadership first then fill in the form to be a refill station.

Refill NZ will send you a sticker / poster to put up in your window/ door so people know they can refill for free.

Your church would also appear on RefillNZ's digital interactive map so thirsty people can find your church.

Join the #Refillution - Get your water tap on the map - and help reduce plastic pollution!

Knowing where you can fill a drink bottle for free saves people money and saves the environment from more plastic bottles being bought.

*We strongly recommend that those diagnosed with covid or have flu-like symptoms please do not enter our premises for 5 days or until the symptoms have passed.  
Thank you*
