### **Eco Corner (brought to you by the Chartwell Cooperating Church Eco Team)**

Chartwell Church is an Eco Church. Every week, we will be sharing tips on aspects of Creation Care and how to bring this into our everyday lives.

**Tip of the week:** Let's put an end to plastic pollution!

Tell the New Zealand Government you want them to be bold and ambitious and commit to end plastic pollution by 2040.

In March 2022, UN Member States agreed on a mandate to negotiate a legally binding global treaty to end plastic pollution.

This year, the framework is being negotiated throughout a series of meetings across the globe, with the aim of having it in place by the end of 2024.

The draft treaty released in September is the first time countries have put to paper what the global plastics treaty should look like and comes at the midway point of negotiations – it lands ahead of the third round of talks out of a total of five.

Although in the minority, there are some powerful opponents of global rules and standards, potentially weakening obligations on countries to take action.

The New Zealand Government needs to commit to helping deliver a truly ambitious treaty with effective global measures.

Follow this link to sign the petition: <https://wwf.org.nz/end-plastic-pollution>

*We strongly recommend that those diagnosed with covid or have flu-like symptoms please do not enter our premises for 5 days or until the symptoms have passed.*
