## — THE — PRAYER CORNER

This week we focus our prayer on  
Dads.

Bless all the fathers in the world and those who fulfil this role for someone.

We ask that you give them grace and patience to handle situations in a loving way and guide them to be good role models.

# Eco Corner—Recycling

## Waste-Ed with Kate

Nationwide waste education

It's not about being perfect-it's about taking action

Waste - What is going on?

While we figure it out the planet is getting 'wasted' every day!

Greenwashing is rampant, our landfills are filling up, recycling feels like a mine-field and people are suffering from eco anxiety.

The Proof... Glass does get recycled right here in New Zealand! Watch the video above to learn more.

I always have people in our comments sections saying "all the recycling goes to landfill", and other similar comments. That's why I was determined to share the "Journey of glass" to prove to Kiwis that if they recycle correctly, their glass can be recycled right here in NZ.

I am excited to share with you my tour of the Visy Glass Manufacturing plant in Auckland, where glass from around the country is recycled into brand-new bottles and jars. Thank you so much to the Glass Packaging Forum for collaborating with us to produce this video that proves that glass gets recycled on shore here in New Zealand.

**Please remain at home if you have cold, covid or flu-like symptoms. Many in our community are vulnerable to respiratory infections and will appreciate it if you do not come to the church premises until you are well. Thank you**

Please pray for the process of finding a new minister for Chartwell Cooperating Church, that God's choice will be clear.

**If you have notices for the Newsletter please email the Parish Office by Wednesday morning.**
