Reflecting on World Environment Day  
(June 5th)

We give thanks for Earth's beauty and  
bounty. May we honour creation with care,  
seek justice for all living things, and walk  
gently upon the land.  
Inspire us to protect and restore the world  
entrusted to us by God.

Koha welcome but  
not expected

elections.

### Hamilton Combined Christian Foodbank

We have a vacancy for an  
administrator for 15 hours a  
week from mid June. The ideal  
person will have a heart for  
those who are struggling in our  
community, be a warm  
welcoming personality, and  
confident in the Microsoft suite,  
Xero, databases and email. For  
more information please email  
Debbie Wilson. Manager.

## **Community Corner - Repair Café**

The next repair cafe is on Saturday, 7 June from 2:00 to 4:00 PM. Bring in your garden tools for sharpening (we have already done many before) or your broken kitchen equipment, or any other equipment if you think that it can be repaired.

Al McGregor can test your electric blankets now that winter is at the doorstep. You must have felt the cold recently, particularly early

in the morning. Testing electric blankets is very important because of the proximity of your body to the power inside the blanket. Generally, you should turn off the blanket when you go to bed. don't sleep on it when it is powered up.

Recently, we have cleaned up some old parts in general and polished or painted them so that they can be proudly displayed again in the kitchen or a bookcase, wherever everyone can see them. We are not as good as the artisans on the TV program "Repair Shop" but one never knows what we can come up with. I repaired a barometer that had a broken glass window and the owner thought that it was not working anymore, but after I cleaned the mechanics inside, it is proudly showing the correct air pressure again.

There are many other examples, but if you don't give us the chance to help you, it will never happen. Jack Brinkman

The Repair Café is open on the first Saturday of each month from 2pm—4pm.

It is open to parish members and members of the public. A koha is appreciated.

Repairing bikes, tools, equipment, textiles, toys, wooden items etc saves these products from going to landfill which nicely fits into our church's Eco Church philosophy.

If you don't need the item anymore and it can be fixed, we can always sell it at the next church fair. If you have skills in repair, do come along and join the team.

**Please remain at home if you have cold, covid or flu-like symptoms. Many in our community are vulnerable to respiratory infections and will appreciate it if you do not come to the church premises until you are well. Thank you**

**If you have notices for the Newsletter please email the Parish Office by Wednesday morning.**
