### Faith that walks forward

Loving God,

As we journey together in faith, help us to walk forward with courage, trust, and hope. When the path ahead is uncertain, remind us that your presence goes before us, beside us, and within us. Give us hearts willing to follow where love leads, hands ready to serve, and spirits open to new possibilities. Strengthen us to take each step with confidence, knowing that your grace accompanies us and your vision calls us onward. Amen.

As part of our commitment to loving creation and being an Eco Church we are committed to reducing our carbon footprint. As part of this commitment we installed 20 solar panels back in 2023 which have served us well. This was always planned as Phase One of installing solar panels and was fully funded by grants and specified donations. Since that time we have more than quadrupled the

number of people using our Facility and installed hand dryers in the bathrooms to drastically reduce our rubbish - hence we are using a lot more power! We have been quoted for Phase Two which is 18 solar panels and will proceed with this when we have received enough funding. The cost to install each panel is \$725 and we have so far received donations for 12 panels. If you are able to sponsor a panel or help with a donation for this project please contact the office or put a labelled envelope in the offering or a donation online with 'solar panels' in the reference field.
